NSS SPECIAL CAMP 2024-25

12-05-25 - Camp Inauguration

ಸೇವೆ, ತ್ಯಾಗ, ಆದರ್ಶದ ಪ್ರತಿರೂಪ "ಎನ್ನೆಸ್ಸೆಸ್"

On 12-05-2025 the inaugural program started with prayer by the volunteers. Program Officers Dr.P.Manjula welcomed everyone and administered the oath. The principal of the college, Dr.S.C. Yateeshwara, gave an introductory speech saying that our villages have to be saved, the country cannot be saved without the support of our villages. With this good intention, we are organizing village stay in these villages. The National Service Scheme — NSS — is not just an extracurricular activity; it is a movement, a mission that helps students understand the meaning of selfless service. The motto of NSS, *"Not Me, But You,"* beautifully captures the essence of what our nation needs today — compassion, responsibility, and the spirit of community.

Inaugurating the program, Mr. Jagadish urged NSS volunteers to make the most of this opportunity. Engage with the local people, listen to their stories, and work with sincerity and

humility. Let your actions reflect the values of unity, discipline, and social responsibility that NSS stands for.Mr. IttagiManjanna, President of the Gram Panchayat, who presided over the ceremony, assured that the volunteers of the National Service Scheme have come to our town with a good intention and will stand as a backbone to all of you and we will join hands in all your programs.

On 13-05-2025 in the morning Prabhath Bheri, Flag Hosting, Yoga, and cleaned the surroundings of Communityhall.

At 10:30 am, a team of skilled doctors from Vasan Eye care hospital arrived and conducted free eye check-up and distributed free medicines to the villagers of Kuppalli.

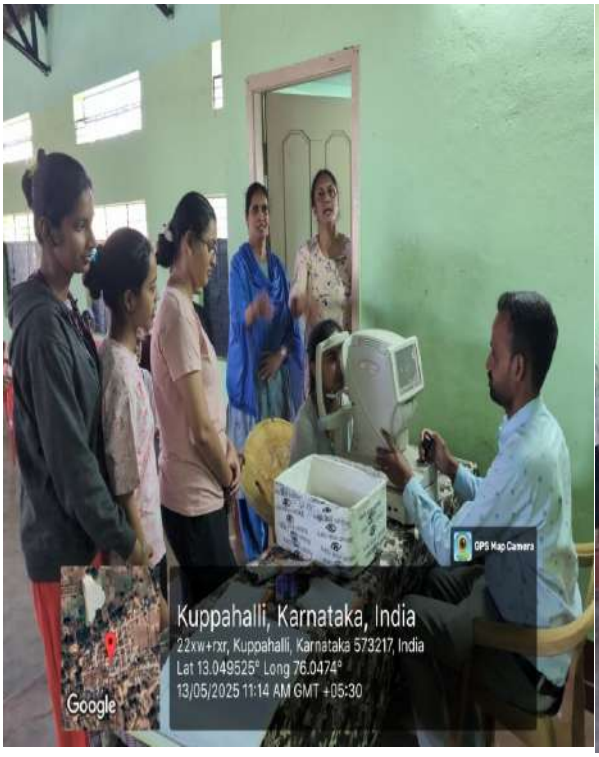

Free Eye check-up Camp

A team of doctors from Vasan Eye Care arrived and conducted free eye check-up.

13/05/2024 - special lecture on **BISI ALE ATI SHEKE**

Sri.Ahmed Hagare, Sectratary, Bharath Jnana Vignana Samithi said in his speech Global Warming actions release large amounts of **greenhouse gases** like carbon dioxide, methane, and nitrous oxide into the atmosphere. These gases trap heat from the sun, creating a "greenhouse effect" that leads to rising global temperatures.

The effects of global warming are already visible: **melting polar ice caps**, **rising sea levels**, **frequent heat waves**, **extreme weather events**, and **loss of biodiversity**. It also threatens agriculture, water resources, and human health across the world.

To combat global warming, we must adopt **sustainable practices**—using renewable energy sources like solar and wind power, planting more trees, reducing waste, and conserving energy. Every small action counts, because protecting our planet is not just the responsibility of governments, but of every individual.

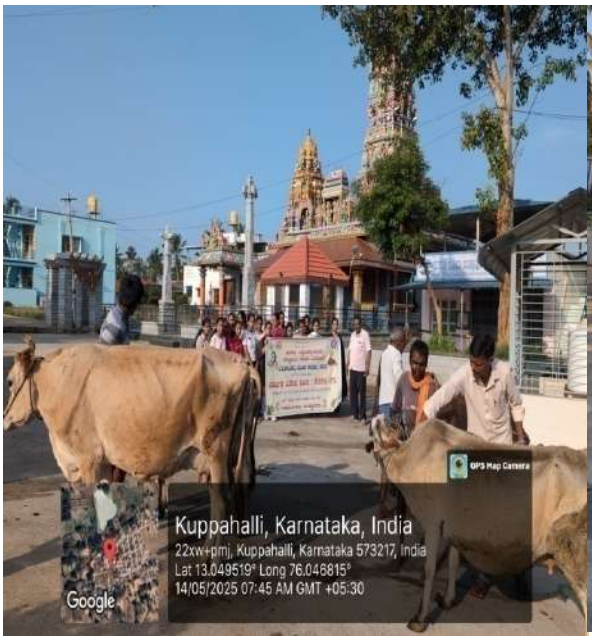

Sri.Jagadish Chauduvalli, Secretary, MTES in his presidential speech addressed NSS volunteers about life values.

On 14-05-25 Prabhath Bheri, Flag Hosting, Yoga, Temple premises cleaning, Livestock check up camp conducted by Veterinary hospital staff, Huvina halli Kavalu.

Livestock check up campconducted by veterinary hospital staff, HuvinahalliKavalu

Special lecture program-Agricultural Challenges

Sri Kanagal Murthy, president, Farmers Association explained Agriculture has always been the **backbone of our economy**, providing food, raw materials, and employment to millions of people. However, in recent years, many countries — including India — have been facing the problem of **agricultural decline**, which means a gradual **reduction in agricultural productivity, interest, and growth**.

Special lecture program-Women & Law

Smt.Girijambika, Advocate, Hassan,delivered a lecture on *Women & Law a*nd said Women in India have always played a vital role in society — as mothers, leaders, workers, and change-makers. Over the years, the **Constitution of India** and various **laws** have been framed to ensure that women enjoy **equality, dignity, and protection** in every sphere of life.

Special lecture program -Role of youths in preserving Monuments

Dr.N.S.Shashikala, Professor, Dept. Of History,AVKC in her speech explained Monuments are the **living symbols of our history and culture**. They remind us of the art, architecture, and achievements of our ancestors. Unfortunately, many of these monuments are being damaged due to pollution, neglect, and human carelessness. In this context, the **youth of today** have a very important role to play in protecting and preserving these priceless treasures.

On 15.5.2025 - Prabhath Bheri, Flag Hosting, Yoga, Shramadhan, Free health check-up camp conducted by Rajeev Ayurveda Maha Vidhyalaya, Hassan.

Community hall cleaning,

Free health check-up camp conducted by Rajeev Ayurveda Maha Vidhyalaya, Hassan.

Special lecture program - Agriculture Challenges

Sri.Vijaya Angadi, Chief executive Officer, AIR, Hassan in his speech said farmers in the state face several serious challenges that affect productivity and income like Irregular Rainfall and Droughts, Irregular Rainfall and Droughts, Soil Degradation, Crop Diseases and Pest Attacks, Lack of Awareness and Technology.

On 16-05-25programme Prabhath Bheri, Flag Hosting, Yoga, Village cleaning and socio-economic survey. Free dental check-up camp conducted by Hasanambha Dental college, Hassan.

Free dental check-up camp conducted by Hasanambha Dental college, Hassan.

Special lecture program - Agriculture, Environmental and Life Values

Sri. Yogishappa, Organic farmer, sanenahalli, provided his views Agriculture depends directly on the **environment** — on soil, water, sunlight, and air. A healthy environment ensures good harvests and food security. But today, due to pollution, deforestation, and climate change, the environment is being damaged, which in turn affects agriculture.

Unsustainable farming practices, such as overuse of chemicals and pesticides, also harm soil fertility and biodiversity. Therefore, **sustainable and eco-friendly agriculture** is essential to protect both the planet and our food systems. Life values such as **respect for nature, hard work, honesty, and responsibility** are at the heart of farming and environmental protection.

Special lecture program - Role of rural people in Environment conservation.

Dr.P.Manjula, Professor, Dept. Of Economics, AVKC, shared her views about Rural people are the **primary custodians of natural resources**. They live close to forests, rivers, soil, and agricultural land, and their daily lives depend directly on the environment. Therefore, they play a **vital role in conserving and protecting it**. Rural areas typically produce less plastic waste and often practice **composting**, reusing materials, and using **biodegradable resources**. Cow dung and agricultural waste are used as **fertilizers and bio-gas**, reducing environmental pollution.

On 17-05-25 - Prabhath Bheri, Flag Hosting, Yoga, Village cleaning, and socio-economic survey.

Special lecturing program -Self-employment

Sri.Dinesh , Village Representative, Farmer, Kuppalli, shared his experience as Self-employment is more than just earning money; it is about **independence, responsibility, and contribution to society**. By supporting self-employed people through training, financial aid, and awareness, nations can **reduce unemployment and boost economic growth**.

Valedictory On 18-05-2025

Dr.S.C.Yateeshwara, Principal, AV Kanthamma College for Women, delivered the valedictory speech. He said that this is a platform for the volunteers. The camp serves as a powerful instrument for the holistic development of student volunteers. The true education, the most valuable learning, often happens outside the four walls of the classroom. The NSS has provided you with a **real-world laboratory** of humanity. The NSS Special Camp, therefore, is not a holiday, but a seven-day commitment to service that profoundly transforms both the student and the community they serve.
