NATIONAL SERVICE SCHEME (NSS)

SPECIAL CAMP REPORT

The National Service Scheme (NSS) Unit of A. V. Kanthamma College for Women, Hassan, organized a Special Camp at Devihalli Village during the academic year 2025–2026 with the objective of creating social awareness, promoting community service, and developing a sense of responsibility among students.

The camp aimed to provide students with an opportunity to understand rural life, identify the problems faced by villagers, and actively participate in activities that contribute to village development. The theme of the camp focused on social service, personality development, environmental awareness, health, hygiene, and community participation.

Objectives of the Camp

1. To develop social responsibility and leadership qualities among students.

2. To create awareness about cleanliness, health, and hygiene.

3. To promote environmental protection and sustainable development.

4. To encourage community participation and rural development.

5. To create awareness about education, women's empowerment, and social issues.

6. To develop teamwork, discipline, and a spirit of voluntary service.

Activities Conducted

During the camp, NSS volunteers actively participated in various activities, including:

- Village Cleanliness Drive: Volunteers participated in cleaning activities and created awareness about maintaining a clean and healthy environment.

- Health and Hygiene Awareness: Awareness was created among villagers regarding personal hygiene, sanitation, and healthy living habits.

- Environmental Awareness: Students highlighted the importance of protecting nature, planting trees, and conserving natural resources.

- Educational Awareness: Volunteers interacted with villagers and emphasized the importance of education, particularly girls' education.

- Social Awareness Programmes: Various awareness activities were conducted on social responsibility, women's empowerment, and community development.

- Cultural Activities: Students presented cultural programmes to promote unity, teamwork, and cultural values.

- Community Interaction: Volunteers interacted with village residents and understood their needs, challenges, and lifestyles.

The NSS volunteers enthusiastically participated in all the activities conducted during the camp. The programme provided students with practical exposure to community service and helped them understand the importance of contributing to society. It also strengthened their confidence, leadership abilities, cooperation, and communication skills.

The NSS Special Camp at Devihalli was a meaningful learning experience for all the participants. It helped students develop a sense of social commitment, discipline, teamwork, and civic responsibility. The camp also strengthened the relationship between the college and the local community.

Special Lecture Programmes were conducted everyday where many resource persons gave lectures about the topics mentioned below.

Rural development refers to improving the living standards of people in villages. It focuses on providing basic facilities such as education, healthcare, drinking water, sanitation, roads and employment opportunities. It also encourages agriculture, small-scale industries, self-employment and skill development. Government schemes play an important role in reducing rural poverty and unemployment. Rural development helps create self-reliant villages and promotes the overall progress of the nation.

Ayurveda is an ancient Indian system of traditional medicine that focuses on maintaining physical and mental well-being. It emphasizes a balanced diet, regular exercise, proper sleep, yoga and a healthy lifestyle. The programme created awareness about the importance of natural healthcare practices, medicinal plants and preventive health measures. People were encouraged to maintain personal hygiene and adopt healthy habits. Ayurvedic treatment should be taken under the guidance of qualified practitioners.

Employment opportunities are essential for improving the economic condition of rural youth. Awareness was created about government employment schemes, vocational training, entrepreneurship and skill development programmes. The Karnataka Government's Yuva Nidhi Scheme provides eligible unemployed graduates and diploma holders with financial assistance for a limited period after completing their education. The scheme aims to support educated unemployed youth while they search for suitable employment.

Women empowerment refers to providing women with equal rights, opportunities and freedom to make decisions. It focuses on education, economic independence, employment, health, safety and participation in society. Awareness was created about women's legal rights, self-help groups, entrepreneurship and government welfare schemes. Empowering women helps build confident families and a stronger society.

Life skills are essential abilities that help individuals manage everyday challenges effectively. Important life skills include communication, decision-making, problem-solving, critical thinking, creativity, teamwork, leadership and time management. Developing these skills helps students build confidence, maintain

healthy relationships and make responsible decisions. Life skills also prepare young people to face personal, social and professional challenges.
