| **Total** | **68** | **59** | **9** | **86.8%** |

## Graphical Representation

## Overall Analysis

1. The first semester recorded an 88.9% pass percentage.
2. The second semester had the lowest pass percentage at 62.5%.
3. The third semester improved to 90.9%.
4. The fourth semester achieved a 100% pass percentage.
5. The fifth and sixth semesters also maintained a 100% pass percentage.
6. Overall, 59 out of 68 students passed, resulting in an 86.8% pass percentage.

## Conclusion

The results indicate good academic performance across the six semesters. The fourth, fifth and sixth semesters achieved a 100% pass rate. Continued academic support and guidance can help improve performance, particularly in the second semester.
