VISIT TO SHETTIHALLY CHURCH 2025-2026

Date	07.02.2026
Department/Association/Committee	**Department of Zoology**
Name of the Programme	Visit to wetland ecosystem and Bird watching

Gist of the Programme: The Department of Zoology had organized visit to Hemavathi river dam back water, Shettyhally church- wetland ecosystem and Bird watching for the III BSc and I BSc students as part the curriculum. Hemavathi river is abode for many aquatic birds , it harbors both aquatic and terrestrisl birds. During this visit students observed various birds in natural habitat, behavior , feeding habits and importance of birds in the ecosystem. The students used binoculars and guides (Salim Ali's book to identify different species. This trip helped them understand the value of wetlands and need to protect bird habitats. It was an educational and enjoyable experience for all the students .the visit helped the students to develop interest in nature and wild life conservation. Nearly 20 species of birds , some aquatic plants and fishes were recorded .

Beneficiaries	All the I and III BSc students

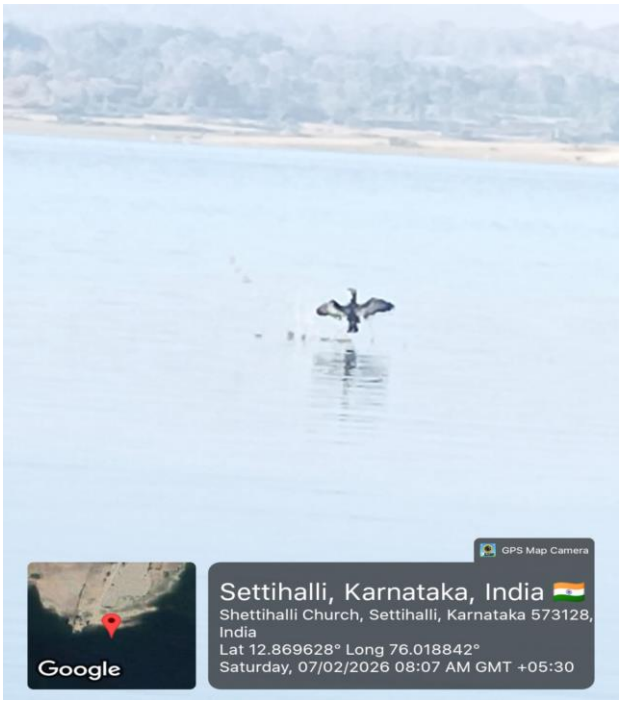

Students watching Birds with the aid of Binocular

Students studying Wetland ecosystem
